

## EXPRESSION OF INTEREST

# HFC Bank ISO 27001: 2013 Implementation & Review

HFC Bank has invested significantly into its information security systems. The investment aligns HFC Bank with its Digital Strategy as it creates a solid foundation of increasing our Digital footprint in the market. The certification will not only provide our partners the assurance but also HFC Bank the validation of our information security and alignment to international standards.

The Bank, contemplating its growth and expansion programs intends to implement ISO 27001: 2013.

HFC Bank is therefore calling for an Expression of Interest from reputable vendors who have a proven track record in reviewing and implementing ISO 27001:2013.
